

Attachment for Page 5

In past years and to date, we only received funds from

Membership dues

Membership and guests' participation in socials

Membership and guests' participation in fund raising (50/50) proceeds

Once a year tournament and social including outside participants

This year the members had an opportunity to earn a donation from Centerplate Co. by working 4 football events at the new Arizona University Stadium. 85 of our members or friends worked at least one of the four events in a concession booth. Centerplate will be donating a percentage of the proceeds to our club. The members donated their time and energy in order to earn these proceeds to resurface the pickleball courts that are owned by the Happy Trails Homeowners Association. This will increase our gross proceeds by \$8,000.00 to \$15,000.00. The cost to resurface our courts would be at least \$20,000.00

This was a one time opportunity and was done for the above mentioned specific purpose.
